18. Learning methods:

The following are preferred learning styles: auditory, verbal, social and independent. The most important methods of learning the subject are:
- Lectures with the use of multimedia tools, active learning techniques and with the active participation and discussions of students
- Preparation and presentation of group and individual seminar papers.

19. Assessment methods:

To check the acquired knowledge in the course are used:
• written and / or
• oral methods.

Written test (colloquium) and / or preparation of a seminar paper.
It includes a knowledge test at the end of certain areas and / or at the end of the semester. The maximum number of points that a student can achieve in the written part of the exam or by writing and defending a seminar paper is 50 points. In order for a student to pass the written part of the exam, he must defend at least 30 points.

Oral part of the exam - 40
pointsThe oral part of the exam is aimed at a short conversation about the most important parts of the subject matter, as well as the opinions and attitudes of students on controversial issues in the field of protection law. The oral part of the exam can be accessed by students who have passed the written part of the exam or prepared and defended a seminar paper.

20. Assessment components:

The grade on the exam is based on the total number of points earned by the student by fulfilling pre-exam obligations and taking the exam, and according to the quality of acquired knowledge and skills, and contains a maximum of 100 points and is determined according to the following scale:
Attendance and activity at lectures 10 points
Colloquium and / or Seminar paper 50 points
Final exam 40 points
