Call for the participation in the 7th DAAAM International Doctoral School

7th DAAAM International Doctoral School will be organized during DAAAM week 2018-10-21/28. Main organizers are DAAAM International Vienna, University of Zadar – Universitas Studiorum Jadertina, University of Mostar – Universitas Studiorum Mostariensis, Moscow State Technological University „Stankin“, The National Research University Higher School of Economics, International Academy of Engineering, Synergy Network. The main target of the School is to support development of doctoral students to doctors of technical sciences. Advanced topics will cover wide range from: How to be a doctor of technical sciences, creative problem solving, over case studies till personal consultations and discussions with leading international scientists and researchers. During last five years we had about 130 doctoral students and about 50 teachers from more than 25 countries. The number of students and doctor fathers / teachers is limited. Successful participants will get an official diploma including 4 ECTS points.

Festo Scholarship and Festo Prize: Festo Scholarship and Festo Prize: Young researchers and scientists are welcome to take place in the competitions for Festo Scholarship for doctoral students at 6th Doctoral School. Since many years company Festo gives prizes as significant financial supports for best young authors for attending symposium and presenting of their research results.
