

International Conference on Sport Governance around the World, Sofia, Bulgaria

Dear Specialists in Sports and Physical Education,

This is our Second Call for Papers for the International Conference on Sport Governance around the World, organized by the Bulgarian Comparative Education Society (BCES) & the International Society for Comparative Physical Education and Sport (ISCPES) **in Sofia, 17-21 September 2018**. Sofia, the capital of Bulgaria, has especially been chosen as a conference location on the occasion of the initiative Sofia - European Capital of Sport 2018.

The Conference provides a discussion platform where sport researchers, practitioners and administrators can meet, discuss various matters of common interest, and present results of their latest studies or share good practices.

The Conference Thematic Sections are:

1. Sport Governance Systems;
2. Ethics and Corruption in Physical Education and Sports Policies;
3. Physical Education and Sport Development;
4. Training Physical Educators and Coaches.

All accepted abstracts will be published in an Abstract Book. Full papers presented at the conference will be considered for publication in the journal *International Sports Studies*, indexed by Scopus.

It is our hope that many people who are emotionally, professionally, or administratively involved with sports and physical education will find this Conference interesting, challenging, and fruitful.

For more information please visit the Conference website:
