The objective of KOD 2018 is to review the current state of knowledge and present the scope of scientific research and innovation in the field of mechanical engineering design, product developing and management.

We would like to inform You that the deadline for abstract submission has extended to February 10th 2018. Abstract should be sent through symposium system (<http://www.kod.ftn.uns.ac.rs/#submission>) and after notification of acceptance You will be asked for the full paper submission.

There will be no other deadline.

The KOD 2018 papers will be peer reviewed by two reviewers. The registered and presented papers will be published online with open-access in a volume of IOP Conference Series: Materials Science and Engineering (<https://conferenceseries.iop.org/content/home>) indexed in major international databases: Ei Compendex, Scopus, Thomson Reuters / Clarivate Analytics (WoS), Inspec, et al.

The symposium will attempt to define the directions of further development in mechanical engineering. The leading professors in this field from this region will be engaged to take introductory lectures and give us their view of this issue.

The basic goals of this symposium are:

- a.. to assemble famous investigators and practitioners from faculties, scientific institutes and different enterprises or other organizations,
- b.. to enable presentation of new knowledge and exchange of practical experience in mechanical and graphical engineering, industrial design and shaping, product development and management,
- c.. to propose theoretically developed and practically tested solutions for improving the quality of products in mechanical engineering in order to achieve the highest possible position on the international market.

PAPER SUBMISSION:

Deadline for uploading the short abstract is 10th February 2018.

Authors must adhere to the symposium written paper format. Please, when preparing the paper, use enclosed KOD 2018-paper template that can be also downloaded at www.kod.ftn.uns.ac.rs.
