

Scholarships for Summer/Winter programs in California

Dear student,

We wish to communicate to all interested candidates that there is a great opportunity to apply for the International Scholarship Program, organized by the International Business School Americas (IBS-Americas) and held in USA.

IBS-Americas coordinates short-term Certificate Programs in partnership with the University of La Verne (ULV) and the California State University – Northridge (CSUN). At this moment, IBS is awarding partial scholarships to students, recognizing their leadership skills and individual talents, as well as encouraging academic achievement and international experiences.

Our two or three-week programs are held in January, July and September every year. All students, regardless of grade point average, area of study, citizenship or residency status are encouraged to apply for scholarships covering up to 70% of the tuition fees.

Designed to take place during vacation, short-term programs allow participants to have an intensive contact with international quality education without the need of breaking academic and professional bonds.

We offer the following multicultural programs:

- **Summer/Winter Programs to Undergraduate Students**
- Strategy & Marketing (ULV)
- Finance & Accounting (ULV)
- Leading & Coaching The Human Organization (ULV)
- Contemporary Topics in Public Administration (ULV)
- Communication: Design & Innovation (CSUN)
- Design Thinking (CSUN)
- Digital Companies & E-Business Revolution (CSUN)
- **Summer/Winter Programs to Graduate Students**
- Advanced Topics in Project Management (ULV)
- Advanced Topics in Business Strategy (ULV)
- Advanced Topics in Financial Decisions and Corporate Policy (ULV)
- Advanced Topics in Marketing Management (ULV)

The Advanced Topics programs (ULV) are the only ones offered in September. All other programs are offered in January and in July every year.

All programs are composed by lectures, company visits and seminars. Also, for non-native English speakers, the universities offer a complimentary Business English module to be attended along with the program you choose above.

This is a great opportunity to explore USA, one of the newest economic world powers, while exploring new academic and professional horizons. Our last groups were composed of students from more than thirty-five different countries.
