

**23rd International Conference on  
Circuits, Systems, Communications and Computers (CSCC 2019),  
Marathon Beach, Athens, July 14-17, 2019**

[www.csccl.co](http://www.csccl.co)

CSCC is a World Forum on Circuits, Systems, Communications and Computers with long history (see below), famous Plenary Speakers and Committee, many special sessions and symposia and of course indexing in ISI and SCOPUS for its proceedings and for its extended versions in ISI/SCOPUS Journals. Contact us by email [csccl.conf@gmail.com](mailto:csccl.conf@gmail.com)

Each year CSCC receives more than 700-800 papers.

The 23rd CSCC Multiconference will be held in the famous plase of Marathon, famous for his history, architecture, historical monuments, medieval churches, medieval walls, museums, art, literature, music, dance, water parks, beaches, mountains, valleys, sports, traditional villages and night life.

The accepted papers will be published in the Journal "MATEC Web of Conferences" (ISSN 2261-236X) to publish the Conference Proceedings after peer review. This Journal is indexed in the following high-quality indexes:

- ISI Web of Science
- Scopus
- Ei Compendex
- Engineering Village
- Inspec
- DOAJ
- EBSCO (EBSCO Discovery Service)
- Chemical Abstracts Service (CAS)
- Google Scholar
- Polymer Library
- Materials Science & Engineering Database (ProQuest)
- SciTech Premium Collection (ProQuest)
- Technology Collection (ProQuest)

Extended versions of all the papers will be published in various high quality international journals indexed in ISI, SCOPUS, Ei Compendex, IET, DBLP, ACM, EBSCO, SemanticScholars, ProQuest, Google Scholar etc...
