Call for the participation in the 8th DAAAM International Doctoral School

8th DAAAM International Doctoral School will be organized during DAAAM week 2019-10-20/27.

Main organizers are DAAAM International Vienna, University of Zadar – Universitas Studiorum Jadertina, University of Mostar – Universitas Studiorum Mostariensis, Moscow State Technological University „Stankin “, The National Research University Higher School of Economics, International Academy of Engineering, Synergy Network.

The main target of the School is to support development of doctoral students to doctors of technical sciences.

Advanced topics will cover wide range from: How to be a doctor of technical sciences, creative problem solving, over case studies till personal consultations and discussions with leading international scientists and researchers.

During last eight years we had about 180 doctoral students and about 70 teachers from more than 30 countries. The number of students and doctor fathers / teachers is limited. Successful participants will get an official diploma including 4 ECTS points.

Festo Scholarship and Festo Prize

Young researchers and scientists are welcome to take place in the competitions for Festo Scholarship for doctoral students at the 8th Doctoral School.

For many years now, company Festo awards prizes as a significant financial support for best young authors for attending symposium and for the presentation of their research results.

All relevant information about the Doctoral School is available on <https://daaam.info/>.
