

International Turkic World Congress on Science and Engineering

The Congress “International Turkic World Congress on Science and Engineering (UTUFEM)”, which was initiated under the leaderships of Niğde Ömer Halisdemir University (NOHU) and L.N. Gumilyov Eurasian National University (ENU), aims to provide information sharing in the field of Science and Engineering and to establish scientific cooperation. The first of UTUFEM Congress will be held and hosted by Niğde Ömer Halisdemir University, Niğde, Turkey on the dates of 17-18 June 2019 at Şehit Ömer Halisdemir Congress and Culture Center and The Second one is foreseen to be held by L.N. Gumilyov Eurasian National University in Astana, Kazakhstan in 2020. The congress covers all areas related to Science and Engineering. Papers to be presented in the congress will be published in the e-book as full text and the extended texts of the selected papers will be printed and published in the Journal of International Turkic World Science and Engineering. We expect all scientists working in the field of Science and Engineering to participate in our congress. In order to reach the detailed information about the Congress which has the theme of “New Horizons in Science and Technology in the Turkic World” please go to the page of the Congress: <http://utufem.org/>

To send your Abstracts or Full Papers, please use utufem@ohu.edu.tr e-mail address.

INTERNATIONAL TURKIC WORLD CONGRESS ON SCIENCES AND ENGINEERING

INTERNATIONAL TURKIC WORLD CONGRESS ON SCIENCES AND ENGINEERING

17-18 JUNE 2019

Niğde Ömer Halisdemir University

“New Horizons in Science and Technology in the Turkic World”

ABSTRACT SUBMISSION

15 APRIL 2019

FULL TEXT SUBMISSION

10 MAY 2019

REGISTRATION

15 MAY 2019

SUBJECTS

(Fields of Presentation)

- Artificial Intelligence - Machine Learning
- Energy Technologies
- Industry 4.0
- Internet of Things
- Numerical Modeling
- Image Processing
- Earth Sciences
- Astronomy and Space Technologies
- Nano - Technology and Applications
- Physics and Nuclear Technology
- Biology and Biotechnology
- Chemistry and Environmental Technologies
- Modern Architectural Designs
- Landscape
- Agricultural Sciences and Technologies
- Transportation and Logistics
