19. Assessment methods:

Assessment is conducted orally and in writing. Written assessment is conducted in the form of various tests after the lectures and classes in certain subject areas have been carried out. In case the students achieve less than the required number of points on their written test, they undertake the oral assessment. The oral part of the exam is carried out as a conversation on important topics covered in the written test on which the student failed to achieve the required number of points.

Tests

After the lectures and classes in certain subject areas have ended, the teacher will assess the acquisition of the subject matter by using tests consisting of a number of questions and tasks from the previously taught subject matter. The students will be notified of the date and time of the written assessment fifteen days in advance. Students who cheat will be removed from the exam and their tests shall not be graded. It is considered that the student passed the exam if he achieved at least 50% of the required test points.

The final part of the exam (test or oral assessment)

In order to partake in the final exam the student needs to acquire at least 40% of the total number of points. The second part of the exam will be organized as a written exam - a test or an independent written assignment on one of the three provided topics.

20. Assessment components:

The students will be graded according to the following criteria:

1. attendance and activity in lectures and classes
2. the students' success in the preparation and presentation of their individual or group project
3. the quality of students' answers on written tests
4. the final part of the exam

At the end of the course, the teacher will use the grading system in order to determine the students' final grade.
