18. Learning methods:

For the purpose of efficient teaching and achievement of set course objectives and student competencies during the course, the following methods will be used:

- Lectures,
- Exercises (group / team work)

The content of the lectures and exercises is expounded through an interactive approach which implies that students can discuss, share ideas, and learn from each other.

During or after the lectures and exercises, for all the ambiguities and explanations of the same, the teacher and the assistant are required to be available to students through consultation, contacts and support.

19. Assessment methods:

After completing the course, a written assessment of students' knowledge is carried out.

To check the adopted knowledge will be used:

- written and
- oral method

Written method includes written knowledge checking. Knowledge assessment will be realized through questions and answers from the content of the subject. The same will be done after the realization of the foreseen lectures.

Oral exams will be conducted on the basis of multiple questions from the content and answers of the students in the course of 10-15 minutes.

As part of the pre-requisites, two (2) colloquia will be held during the course of the lecture, which will cover a specific topic from the content of the subject, and can reach 0 to 10 points. Furthermore, for the attendance of lectures and Exercises, continuous activity and lectures and exercises throughout the semester students can earn from 0 to 20 points.

The final exam is written and covers the topics covered by lectures and exercises throughout the semester. At the final written exam, the student can achieve 0 to 25 points. On the oral part of the exam the student can achieve 0 to 25 points. After the pre-requisites, the written and oral part of the exam, the responsible teacher together with the student will form a joint assessment.

20. Assessment components:

The assessment of the exam is based on the total number of points the student has obtained by fulfilling the pre-requisites and passing the exam, and according to the quality of the bank Knowledge and skills, and contains a maximum of 100 points and is determined according to the following scale:

Student Obligations Points

Attendance at lectures 20

Student Activity 10

Colloquium I 10

Colloquium II 10

Total prepayments 50

Written exam 25

Oral Exam 25
