18. Learning methods:

Classes are held using various multimedia teaching aids, active study and active participation of students in the teaching process. Various types of assignments are given as homework along with in-class activities (pair and group work, discussions, etc.).

The language of instruction is English.

19. Assessment methods:

Over the semester, students have to take two tests and a final exam. For each test, students can earn a maximum of 20 points. Test points are calculated into the final grade if students earn at least 10 points per test. For continued active in-class participation over the semester students can earn a maximum of 10 points.

The final exam is taken in the written form and it includes the topics covered over the semester both in the lectures and practice classes. The maximum number of points that each student can earn on the final exam is 50. In order to pass the final exam, students are required to earn at least 25 points and to pass the course they need to accumulate at least 54 points.

20. Assessment components:

Pre-exam points amount to a maximum of 50 points and the maximum number of points that can be earned on the final exam is 50. Pre-exam points include two tests (earning a maximum of 20 points each) and attendance and in-class active participation (for which students can earn a maximum of 10 points). This amounts to a total of 100 points (20+20+10+50).

The minimum number of points required to pass the final exam is 54:

54-63=6 (six)

64-73=7 (seven)

74-83=8 (eight)

84-93=9 (nine)

94-100=10 (ten)

with six (6) being the lowest and ten (10) being the highest passing grade.
