

SYLLABUS

1. Course title:

Elements of Film

Course: Film art before and after World War II

2. Code:

EF

3. Cycle of study:

1

4. ECTS credits:

6

5. Type of course: Mandatory Elective**6. Prerequisites:**

Completed prestigious obligations - Semi-contest checks from course EF

7. Class restrictions:

Only the students of the study program Acting

8. Duration / semester:

1

7

9. Weekly contact hours:

9.1. Lectures:

3

9.2. Seminars:

2

9.3. Laboratory/Practice classes:

10. Faculty:

Academy of Drama Arts

11. Department/study program:

Acting

12. Lecturer:**13. Lecturer's e-mail:**

14. Web site:

(max. 50 characters)

- Film art before and after World War II.
- Silent movie.
- The beginning of the sound film and the flourishing of film art until the Second World War.
- From postmodern tendencies to contemporary cinematography.

16. Learning outcomes:

The quality measure and goal of the research for students is to first and foremost familiarize themselves with the history of the film, as well as to be trained to watch the movie as a professional and analyze its aesthetic as well as practical elements. The subject should first and foremost have to familiarize students with the historical development of film art through the development of stylistic directions, authoritative poetics and production doctrines. Performing the course surely is not possible without viewing and analyzing selected film works, which will be the most important part of the lecture. In addition, through the analysis of film works and the historical development of film-making tools, students will learn about the practical use of the film language, with particular emphasis on the needs of each individual department (eg. the choice of plans, lenses and camera angles for actors and producers).

17. Course content:

Module I: Silent movie

1. The introductory lecture, "how to watch the film", the basic expression of the film, the structural analysis of the film, a short test of knowledge and conversation. 18. Learning methods:

Teaching methods:

1. Lectures and consultations.
2. Practical lessons.
3. Independent work of students.
4. Continuous assessment of knowledge and skills.

Mentoring principle of performance:

Interactive teaching and exercise process in the relation student-assistant-professor.

Planned and organized independent work of students in optimal, study spatial conditions. Due to the intensity, specificity and precision of observing changes in students in the research process, there is a constant presence of both professors and assistants at lecture hours on subjects of mandatory credits.

19. Assessment methods:

- Partial semester review of work.
- Semester Final Exam - Examination.
- Semester correction exams I and II.

The final grade is the sum of the total effort on the course, the interest shown for the subject, the advancement in knowledge and the development of opinions during the discussion. Two written exams (at the end of each semester), two seminar papers (at the end of the first semester an analysis of one specific film, at the end of the second semester analysis of the rendering opus) are included in the evaluation, oral exam at the end of the second semester and attendance at lectures.

20. Assessment components:

Volume measure:

3-5 full-length movies per semester.

Load Measure:

3 classes of lectures and 2 practice sessions weekly.

21. Required reading list:
